Dear Susan,

Thank you so much for assisting us in the process of purchasing our new home at Belfair. We appreciate all of the time you took to research properties, drive us through the various Bluffton communities and to show us homes (and amenities) at both Berkeley Hall and Bluffton. Having to go through this process from afar, it was great to have you "on the ground" for the inspection & follow-up, the final walk-through, the closing and all of the other "local" activities that we were unable to attend.

You certainly made our experience worry-free and seamless! Thank You!!

Best regards,

James & John Darcy
